

This Week's Home Learning

Week 7
11.05.20

Personal, Social and Emotional

We are all feeling different things at the moment. You may feel happy because the sun is shining or sad because you cannot see nanny at the moment. You may feel worried, angry, excited, tired, hungry, or something else. Make a feelings chart. Draw some faces showing different feelings on a piece of paper. Each day put a paperclip on the face to show how you are feeling. Talk about how you are feeling with your family. Find out how they are feeling too.

Talk

Communication and Language

Spend some time listening to all the sounds around you. Why not go for a walk (or even just open the window) and spend one whole minute listening to the different sounds around you. Close your eyes if it helps you to concentrate. Talk about what you can hear and maybe, with your grown ups or siblings, use the sounds to make up a sound poem. Eg. the birds are singing in the trees, the wind is blowing through the leaves....

Listen

Physical Development

It is important that we all do exercise and eat healthy food to keep our bodies healthy. The Very Hungry Caterpillar kept a diary of what he ate each day of the week. He ate lots of healthy fruit and vegetables, although he had quite a few treats on Saturday! Why not keep your own diary. Draw a picture each day of what you eat and what exercise you do. You could also do some writing and talk

Do/Record

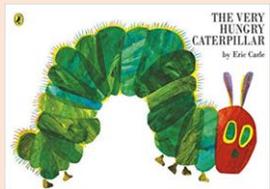

Literacy

Listen to the signed story by Eric Carle, 'The Very Hungry Caterpillar': <https://www.youtube.com/watch?v=kQNxBRONqAA> If you have a copy of the book, follow along, or why not try to sign along too. What part do you like best? You can also watch the story: <https://www.youtube.com/watch?v=75NQG-Sm1YY>

Story

Digital

Mathematics

This week, why not explore symmetry at home. Symmetry is a pattern that is the same on both sides. What can you see that has symmetry? Here are some ideas:

Explore

Butterfly wings are symmetrical - the same on both sides. Try this activity: <https://youtu.be/UDNFQ7z4Wcs>

Understanding of the World

You may have noticed that there are caterpillars and butterflies in our gardens and parks at the moment. When out walking, what butterflies and caterpillars can you find? You can find out more about them by looking on: <https://www.rspb.org.uk/birds-and-wildlife/wildlife-guides/other-garden-wildlife/insects-and-other-invertebrates/butterflies/>

Look/Find Out

Expressive Arts and Design

Transient art is art that is non-permanent and can be changed. Why not make some transient art patterns or pictures using fruit and vegetables (and other food) you have at home. Take a photo of your art and you can eat it later.

Create

We sincerely hope all our families are safe and well. Please don't put yourselves under too much pressure with the home learning - these are just some fun activities you can try. Spend time with your children but remember to also try and take some time for yourself as well. If you have any further questions or feedback regarding the home learning email the teachers: Louise: l.jones@kintoreway.southwark.sch.uk Toyin: otimeyin@kintoreway.southwark.sch.uk Lucia: ltorresetchego@kintoreway.southwark.sch.uk
