

Skin Tone Playdough

You need:

1 cup of flour, $\frac{1}{2}$ cup of salt, 1 cup of water
1 tablespoon of cooking oil, food colouring

Method:

1. Mix the flour and salt together in a bowl.
2. Add the water, oil and food colouring.
3. If you are going to make several colours of playdough, divide the dough into several balls. Make a hole in the centre of the dough with your finger and add a few drops of food colouring into the hole.
4. Knead the dough, until the desired colour is achieved.

Here are some links on how to make colourful playdough:

Parents/carer:

Also talk about our similarities or differences, in how we look.

See if you can make some playdough people!

Facial Features:

eyes mouth
ears nose
hair neck
arms hands
legs feet

Key words:

colourful
bright
skin tone tan
peachy hair
long short wavy
different same

Enjoy mixing colours together! Talk about the colours that you like, see if you can make a new colour or skin tone colour. Talk about how people have different colour skin however we are still all the same too.
