Breezy Weather

Breezy weather. Freezy weather.
When the leaves fall, we all fall together.
Breezy weather. Freezy weather.
When the wind blows, we huddle together

A Wise Old Owl

A wise old owl sat in an oak;
The more he heard, the less he spoke;
The less he spoke, the more he heard;
Why aren't we all like that wise old bird?

Bonfire Night

How will you celebrate bonfire night? Will you go to a fireworks display? We would love to see photos. At school, we will make colourful artwork using autumn leaves and twigs on dark paper. We will experiment with dribbling colourful paint on dark paper. We will learn about fire fighters too and the importance of fire safety.

Diwali-Festival of Lights

Diwali is a Hindu festival celebrating themes of light defeating darkness and good triumphing. Children will learn the story of Rama and Sita as well as making clay Diya lamps.

Investigating Light and Dark

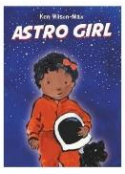

We will be investigating light sources from nature (sun, stars, fireflies) and those made by humans (torches, bulbs, glow sticks).

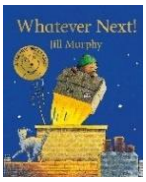

How about taking a walk in the day time and at night to compare different sources of light? What helps us see in the dark?

Build a den and use child-safe torches to see how space changes from dark to light.

Exploring Space – Sensory Play

At home you could -

- Make a moon surface by pressing materials such as rocks and bottle tops into grey playdough
- Make moon dough. Combine 1 cup of hair conditioner to 2 cups of cornflour.
